3. INTEGRATED TEACHER EDUCATION PROGRAMME (ITEP)

The Integrated Teacher Education Programme (ITEP) is a four-year degree programme offered at the Foundational Stage or Preparatory Stage or Middle Stage or Secondary Stage. It is founded on the vision of NEP 2020, exemplifying the process of developing a multidisciplinary approach to learning in higher education. The ITEP seeks to create a pool of competent teachers capable of designing developmentally appropriate teaching-learning-assessment practices that are responsive to the learning needs and interests of children at different stages of their development. Each student-teacher shall specialize in one of the stages of school education which will qualify them to become a teacher for that Stage.

i) ITEP with Foundational Stage Specialization

ii) ITEP with Preparatory Stage Specialization

iii) ITEP with Middle Stage Specialization

iv) ITEP with Secondary Stage Specialization

ITEP is of four-year duration with credits distributed across eight semesters of study. It is a dual-major bachelor's degree programme, with one major in Education and the other in a disciplinary/interdisciplinary branch of knowledge. In addition, the programme seeks to develop among student-teachers an ethic of social engagement, and capacities such as problem solving, critical thinking, creative thinking, communication skills, ethical and moral reasoning etc. that are necessary for preparing competent teachers.

The Regional Institute of Education, NCERT, Ajmer is recognised by NCTE to offer Four Year Integrated Teacher Education Programme (ITEP) in B.A.B.Ed. & B.Sc.B.Ed. courses with Secondary Stage Specialisation. The ITEP Secondary Stage includes Grades 9, 10, 11 and 12. It comprises of “four years of multidisciplinary study, building on the subject oriented pedagogical and curricular style of the Middle Stage, but with greater depth, greater critical thinking, greater attention to life aspirations, and greater flexibility and student choice of subjects” NEP 2020, 4.2). “Holistic development and a wide choice of subjects and courses year to year will be the new distinguishing feature of secondary school education” [Para 4.9, NEP 2020].
